**Question No. 2**

**Witness: Michael E. Hornung**

Q-2. Please provide a chart with the following data, and containing the following elements, for the time frame commencing with the Commission's March 31, 2008 Order in Case No. 2007-00319 and continuing to date.

- (a) Total residential DSM/EE dollars collected in Jefferson County, broken down by zip code;
- (b) Total residential DSM/EE dollars spent in Jefferson County, broken down by zip code; and
- (e) For each DSM/EE program component targeting residential customers, the total dollars spent in Jefferson County on that program component, broken down by zip code.

A-2. **Original Response**

The DSM/EE collected amounts are only the amounts for program costs (i.e., the amounts collected through the DSM cost recovery component DCR). The other components of the overall DSM/EE charge do not relate to funds that were or could be deployed in any particular geographic area, and therefore are not relevant to the overall data request. The table below is in response to parts a, b and c:
